Department of Public Services

Fall Leaf Pickup

Please note date change.

The City of Hastings Department of Public Services will again be providing the citizens of the City of Hastings with a fall leaf pickup which is **scheduled to begin the week of November 14 2016.** Residents should place the leaves to be picked up either very near the curb if a parking lane is present, or immediately behind the curb on the curb lawn. We ask that residents not place leaves in any traveled lane or adjacent to intersections where it might present a vision obstruction. We ask that residents have their leaves raked out prior to the start of the leaf pickup to allow us to complete the project in an efficient and timely manner. There will be an announcement on WBCB radio each weekday morning informing citizens of the location of the City work crews, including a tentative area that will be covered that day and where the work crews will be headed the next day.

Happy Thanksgiving

** Important Message **

To get in touch with the Department of Public Services for after hours emergencies, please call **Barry Central Dispatch (911)**. They will notify a City employee of the emergency and provide them with your contact information.

911
