

Sewer Cleaning and Televising

Perceptive Service and Operations has been contracted by the City of Hastings to clean and televise the City's sewer lines. The day before, Perceptive Service will place door hangers on the doors of residences and businesses in each area they will be working in, and their trucks will be clearly marked.

For Friday June 8, 2018 Perceptive Service will be in town today and will be cleaning on Green Street and televising on Church. For questions, please contact City Hall at 269-945-2468.
